DUBAI ISLANDS

OVERVIEW

Dubai Islands is an expansive 15.3 square kilometre waterfront city situated off the coast of Deira. Developed by Nakheel, this project consists of a series of man-made islands, initially part of the Palm Deira development; which was halted early in construction.

The development of Dubai Islands is set to extend Dubai's coastline by an impressive 40 kilometres, including 21 kilometres of pristine beachfront. Its master plan included hundreds of leisure, tourism, and residential developments that encompass hotels, serviced apartments, resorts, waterside homes, and mixed-use buildings.

Moreover, Dubai Islands will be comprised of the following man-made islands:

- CENTRAL ISLAND
- SHORE ISLAND
- GOLF ISLAND
- MARINA ISLAND
- ELITE ISLAND

LOCATION & ACCESSIBILITY

- Presently linked to Deira through a road extending from Abu Hail Road (D91).
- Plans in place to replace the existing connection with a larger road bridge originating from Abu Baker Al Siddique Road (D78).
- Each of the five islands within the Dubai Islands project will be interconnected through individual road bridges.

NEARBY ATTRACTIONS

-  Souk Al Marfa 5 mins
-  Centara Mirage Beach Resort 5 mins
-  Dubai islands Marina 7 mins
-  Dubai Islands Beach 6 mins
-  Riu Palace Dubai Island 5 mins

VISION AND FUTURE PLANS

CENTRAL ISLAND EXPANSION

Transforming into a vibrant hub that combines entertainment, retail, and beachfront hotels—adding 20,000 new rooms to Dubai's coastline

RETAIL AND CULTURAL HUB

Featuring a world-class mall at Dubai Islands, Deira Mall offers luxury shopping, diverse retail spaces, and top-tier dining and entertainment

SUPERYACHT MARINA DEVELOPMENT

An integral part of Dubai Islands, the marina is envisioned to be a luxurious haven for yachting enthusiasts
